

Zahraa is a passionate game developer with a Bachelor's degree in game design. With over 5 years of experience in illustration and art, she has honed her creative skills to bring captivating visuals to life. Having worked with various professionals in the Australian games industry, Zahraa possesses a deep understanding of game development processes and the collaborative nature of the field.

Her journey in the gaming world began as she contributed her artistic skill to other game studios and solo developers. However, Zahraa embarked on a new challenge by establishing her own games company. Fueled by a desire to create immersive and memorable gaming experiences, she aims to push boundaries, innovate, and delight players worldwide.
